

BUSINESS SERVICES

The Business Services industry provides support to other industries through office administration, hiring and placing of personnel, security services, travel arrangement, and customer service. The industry gained more than 700,000 jobs nationwide in 2014 – the largest among all major industries. Ohio and the Dayton region are getting growing recognition as a national contact hub. The region's low cost of living, competitive wages and abundant commercial space options make the area a unique and attractive option for business and financial support services.
